Trade Date 3/28/2019**

Version 1.0

California ISO	Version: 1.0
Estimation of FMM IIE EIM Settlement for Trade Date 3/28/2019	Last Updated: 4/2/19

Consistent with Section 11.29.10.5 of the CAISO tariff, the ISO is estimating Fifteen-Minute Market (FMM) Instructed Imbalance Energy (IIE) for Energy Imbalance Market (EIM) settlement to be zero for impacted intervals for trade date 3/28/19 initial settlement statement.

The amounts for the impacted intervals under charge code 64600 were estimated to \$0 through the use of pass-through billing determinant in the calculation.

Settlement based upon actual FMM IIE for EIM will be reflected on the next statement cycle. The affected market participant was notified of estimation accordingly.
