

Generic Schedule for Implementing a Planning Services Agreement with an Adjacent System

The California ISO believes that approximately two years are needed to complete all necessary work to collect the information and data required for compliance with the Planning Coordinator responsibility.

- Planning services agreement negotiated during Year X
- Services agreement in execution phase - By end of Q4 Year X
- Include in Year X+1 California ISO planning cycle
- TPL standard- Q2 Year X+1
- Applicable FAC and PRC standards- Q4 Year X+1
- California ISO transmission plan approval- Q1 Year X+2
- Complete all compliance data requirements- Q4 Year X+2
